PROFILE

A Full Stack Developer who specializes in JavaScript Technologies across the whole stack (Node.js, Express, MongoDB, Vue.js). Experience building complete web applications with Back-End API Systems. Also experience building mobile apps with Flutter. Always looking to learn more about the latest trends in the industry and implement the latest updates to optimize code, which usually results in better workflow and an increase in both UX and SEO.

EMPLOYMENT HISTORY

Junior Java Developer at Latin Images, Lima, Peru

July 2017 – September 2018

- Worked as a productive and positive team member to design, code, test, report, and debug operations.
- Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.
- Worked to assess competing websites in regards to content, look, and feel.

Intern Java Developer at Cooperativa Abaco, Lima, Peru

December 2016 – June 2017

- Planned, developed, tested, and maintained web applications.
- Wrote SQL statements and stored procedures.
- Worked well independently and within a team setting.
- Effectively translated client requirements into application designs and systems requirements.
- Followed policies and procedures related to application methods and quality standards at all times.

EDUCATION

Next Academy, Malaysia
